Message from the Manager

I have had the privilege of being the Centre's Manager since May 2011. Overwhelmingly the sense my time here gives me is one of a very special place that provides women with care, compassion and hope. This extends not only to the women we support but also to the very dedicated workers here at the Centre.

One of our exciting highlights of the year has been the inclusion of the Miranda Project to our Centre. This case management service provides support to Women who have recently been released from prison or at risk of entering the justice system. The Case Workers who have resided with us since November 2018 support these Women in their integration back into community or advocate for Women to remain with their families. It is such a perfect fit to have the Miranda Project here with us. Both services are seeing very positive outcomes, the partnership is strong and successful.

There isn't a day that goes by where I don't hear laughter and sometimes tears from Women. Penrith Women's Health Centre is a place where stories, experiences and hope for a better life and future are the priority of our day to day goals. Our vision is to provide holistic health services within a feminist, social justice view of Women's health fostering well-being.

We believe that Women's health is determined by a broad range of social, environmental, economic and biological factors. We seek to link individual Women's experiences and their health needs to this overall social and cultural context.

Penrith Women's Health Centre is Women working for Women!! Our doors are open to past, current and future clients in the hope we are able to make a difference to you all.

Gabriela (WSU Bachelor of Midwifery Student)

Following my week of placement at Penrith Women's Health Centre, I wanted to send a big thank you to Jane, as well as all the staff and clients of your facility for the wonderful time I had. The hospitality I experienced from your staff was second to none, and everyone was so kind and friendly, answering any questions I had with enthusiasm. I appreciate everyone's eagerness to show me the clinic's capacities and go above and beyond in letting me observe their practice. I am also incredibly appreciative of the women who allowed me to observe their care received.

It's truly opened my eyes up to the world of Women's Health and has given me even more inspiration to continue giving women centred care to all I will encounter in my studies and future career.

I will always remember the lovely care from Penrith Women's Health!

Western Sydney Women's Domestic Violence Court Advocacy Service

WSWDVCAS is part of a network of 29 community based Court Advocacy Services in NSW, funded by Legal Aid NSW. WSWDVCAS assists women and children in court proceedings for Apprehended Domestic Violence Orders (ADVOs) at Penrith and Mt Druitt Local Courts. WSWDVCAS also hosts the Penrith and Mt Druitt domestic violence Local Coordination Points (LCPs) and Safety Action Meetings (SAMs), as part of the NSW Government's domestic violence service delivery model, Safer Pathway. Under the NSW Justice Strategy, WSWDVCAS receives direct referrals from police for all female victims of domestic violence incidents in the Nepean and Mt Druitt Police Area Commands (PACs).

WSWDVCAS at court

On ADVO list days, the service provides a holistic service to women and children victims of domestic violence. The WSWDVCAS team works with a roster of around 18 seconded workers from local agencies who provide face-to-face assistance to victims at the Penrith and Mt Druitt Courts.

Thank you to the following agencies and services who provide seconded workers to work with WSWDVCAS on ADVO list day: Penrith Women's Health Centre, West Connect DV Services, Western Sydney Family Referral Service, Nepean Community Neighbourhood Service, WASH House, Family Violence Service, NSW Health - Integrated Violence Prevention Response Service, Centacare Family Support and Elizabeth Project. The beginning of an ADVO list day is top heavy as clients all arrive within a 30-minute period. Fresh instructions/updates need to be attained and negotiated before court starts at 9.30am. We could not do this without the help of these workers.

Legal advice and representation is provided by practitioners on the Domestic Violence Duty Scheme funded by Legal Aid NSW. We'd like to thank Silvia Genevese, Nazira Sowad, Lang Goodsell, Marina Voncina, Jillian Morrison, Ngoc Le-Nguyen, Robyn Jackson, Avinash Singh and Women's Legal Services. They are an integral part of the team at court providing representation in court, legal advice, assisting with Parenting Plans and Directions Statements for our clients.

It Stops Here – Safer Pathway

Safer Pathway is a whole-of-government response to provide a strategic, coordinated and timely approach to assisting victims of domestic violence. As part of the Safer Pathway, WSWDVCAS hosts the Mt Druitt Local Coordination Point (LCP) and the Penrith LCP.

LCPs receive referrals through an electronic platform, the Central Referral Point (CRP), from NSW Police for all female victims assessed as being either 'at threat' or 'at serious threat' of domestic violence. Those who have been referred are contacted by the LCP workers within 24 business hours and offered case coordination, specialist advice, court advocacy, assistance and referrals. Victims assessed as 'at serious threat' also come within the scope of a fortnightly Safety Action Meeting (SAM).

At the SAM, a team of designated decision makers from NSW Police, Health, Education, Corrections, and Family and Community Services, together with local non-government agency representatives, meet to exchange information and devise a coordinated safety action plan to implement on behalf of victims in order to mitigate the risk to their safety.

This reform has proved to be one of the best initiatives of government to address the ongoing safety of women and their children experiencing domestic violence. It has created strong partnerships between agencies, a better understanding of each other's roles, better outcomes for women and supports holding perpetrators accountable for their violence.

WSWDVCAS and Prosecutor Pre-Hearing Clinics Sydney

WSWDVCAS and the Police Prosecutors Office work together to provide pre-hearing clinics at Mt Druitt Local Courts and in March we rolled these out at Penrith Local Court. These clinics are held monthly, with an invitation sent to all women who are protected persons in ADVO or charge matters with a defended hearing scheduled for the following month.

The clinics provide an opportunity for victims to hear information from a trained domestic violence prosecutor prior to their hearing date. Clients report they feel far more confident about giving evidence on the hearing date and are much better prepared for the ordeal of cross-examination. It has also helped us identify where interpreters are needed, further statements need to be made or charges laid.

WSWDVCAS statistics

Our statistics show the effect of NSW Domestic and Family Violence Reforms on our work over the last 4 years. July 2015 The Domestic Violence Justice Strategy commenced with referrals from NSW Police for every DV incident bringing a massive spike to our clients.

The Safer Pathway component commenced in Mt Druitt November 2016 and Penrith in September 2017 and is reflected in the increase in our client contacts and service events. Client numbers for this year remained the same, however service events jumped from 8,777 to 10,472 (19%) which is over 110% since the Safer Pathway roll out.
